Respected
MD Sir

As per our requirement, 16 Bore holes of 4.5" dia (3m. depth) have been drilled for earthing purpose in 4545 lower basement area. As the height of lower basement is 3.5m in which he could not able to drill using 14' hydraulic type mast drilling, so he carried out drilling with chain mast drilling for which he quoted 6000/- per hole and we have negotiated to 5000/- per hole.
Initially we were giving 3800/- per hole (drilled using 14' hydraulic type mast drilling).
