Dear Sir,

This has reference to the Godown Premises at Rasoolpura being rented to us. The following are the problems which are to be added on top priority :-

1. Drainage water seepage:- the seepage water is damaging our material worth lakhs of rupees. The seepage has to be arrested immediately.
2. We have asked you to seal the front side window which was left open alongwith the AC duct which is posing a threat in terms of safety. There was a theft attempt last week.
3. We are facing severe shortage of water supply. There is no water since last 10 days.
4. Concrete laying at the rare side till the gate which was agreed by you is still pending.

We had brought these issues to you earlier also and we are surprised at your lowest response and incomplection of job.

We expect you to take immediate action without further delay to avoid any damage of our material.

Thanking you,

Yours faithfully,
