Subject : ePayment

We are pleased to inform you that we have worked out arrangements for making payments electronically to you with three banks, namely, ICICI Bank, HDFC Bank and Citi Bank.

ePayment is a win-win situation for both of us.

It will bring efficiency in effecting payment directly to your bank account without the hassle of writing cheques/demand drafts/pay-orders. Whereas, you will save on the float that banks were enjoying in clearing the cheques/demand drafts/pay-orders. Now, you will get intimation via e-mail about any payment effected by us directly to your bank account and hence, you can immediately use these funds.

Many vendors have drawn our attention that they already have existing banking relationship with any one or more of these three banks. We therefore, request you to give your first and second preference in the block given below so that we can endeavor to channelise ePayment as per your preferences.

We request you to return a copy of this letter duly signed and block filled in to initiate the process by 31st August, 2003 to Shri L Ramanan, at the above address.

Thanking you,
For Reliance Infocomm Limited

Sub: Consent for installation of Reliance Infocomm's equipment at your premises.

Dear Sir:

Thank you very much for allowing us to bring the fiber inside your building. As you are aware, the state of the art technology being used by Reliance Infocomm allows the subscriber to get a large bandwidth for all the integrated communication needs from ordinary telephones to high-speed data applications. To achieve the high quality standard we have set ourselves, we are investing in internationally renowned Access equipment and are glad to share with you, by installing such equipment in your premises.

RIC has already deployed an Optic Fiber Network as our main link for providing the services and the equipment being installed in your premises will be the main access equipment for the network in your building.

We seek your consent for installing the equipment dimensions of which are given below. We are glad to inform you that we shall bear all the cost of installation of the equipment. We will take care to ensure that the décor of the building will not be affected and also that the work shall be carried out in a very professional manner such that the occupants/society members are not inconvenienced.

The Telecom Equipment:

Indoor Rack Dimensions: 600mm Width 700 mm Depth x 1000mm Height

Option 1 (Where Rear Accessibility is not feasible i.e. stacked along wall)

Clearance: 3 Ft. - each side (left and right)
3 Ft. - Front
5 Ft. - Hight

Option 2 (Where Rear Accessibility is available/ feasible)

Clearance: 3 Ft. - Right side (No clearance required on left side)
3 Ft. - Front
5 Ft. - Hight

Building Fiber Termination Box (BFTB):

Dimensions: 400mm Width x 400mm Height x 120mm Depth

Power Requirement and Earthing:

AC Power required (220Volts /5 Amps.) : A separate meter with fuse panel will be installed on the ground floor meter location and will be in turn connected with the equipment. One earth pit will be constructed on the ground at a suitable location.

RIL/BTS/2002-2003/

Sub: Space requirement for installation of Base Transceiver Station
(Telecom Tower).

Dear Sir(s)

We would like to introduce ourselves as part of Reliance Group of Companies. We are in the process of rolling out telecommunication services (including Limited mobility services) in Hyderabad and other cities/towns in Andhra Pradesh. For this purpose, we have to establish BTS tower, equipment room (Weighing around 4.5 tons) and a sound proof Diesel Generator set of about 20 KVA. We require suitable and sufficient space for locating the above. The tentative requirement of space for installing these equipments is as follows:

- a) Tower & equipment on rooftop – about 350 Sft
- b) Diesel Generator set on the Ground/Cellar – about 225 Sft

The other specifications in this connection are:

- a) _____ mtr. High Tower Weighing about _____ Kgs to be erected on a concrete foundation at the roof top level or 3 nos. of 6 meter poles to be mounted on the highest place of the building. Apart from this, we will be installing cable trays for routing the power supply and RF cables.
- b) Pre-fabricated Telecom equipment shelter of dimensions 3.6 mtr (L) X 2.56 mtr (B) X 2.86 mtr (H) with gross weight of 4.5 tons.
- c) 20 KVA DG set with gross weight of 2.0 tons and dimensions 2.7 mtr (L) X 1.5 mtr (B) X 1.8 mtr (H), for stand-by power requirements. This DG Set

Regd. Office "Brindavan" 2nd Floor, Shree Ram Mills Premises, Ganpatrao Kadam Marg, Worli, Mumbai -400011
Phone : (+91 22) 491 6000, Fax : (+91 22) 491 6112

MEMBER

RELIANCE
GROUP

will be housed in an acoustic enclosure for avoiding/minimizing the noise levels. Normally, for operational convenience this DG set is located in the Ground Floor. In case there is no sufficient space in the Ground floor, the same can also be accommodated on the roof top of the building.

Our team has made a preliminary survey of your site/building/apartment and found the same suitable for putting up the above facilities. We therefore request you to give your acceptance to provide space in your premises on long term lease. A typical sketch of the installation of BTS tower & other equipments at ground and roof top is enclosed for your ready reference. Please note that this will be followed with a site specific drawing for your building before proceeding with construction.

Upon receipt of your consent duly enclosing a resolution of General body meeting of your Building Association agreeing in principle for leasing out on long term basis, the commercial terms and other terms and conditions would be discussed by our representative.

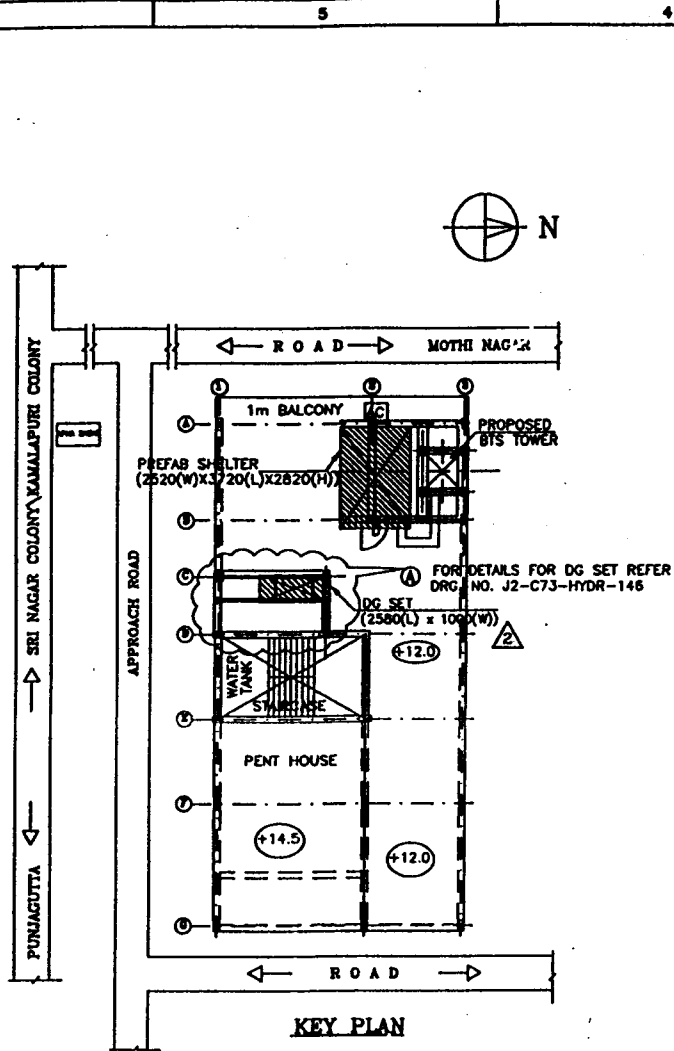

We request you to convey your consent at the earliest and extend your cooperation in bringing the telecom facilities to the city/AP at the earliest.

Thanking You,

Very Truly Yours

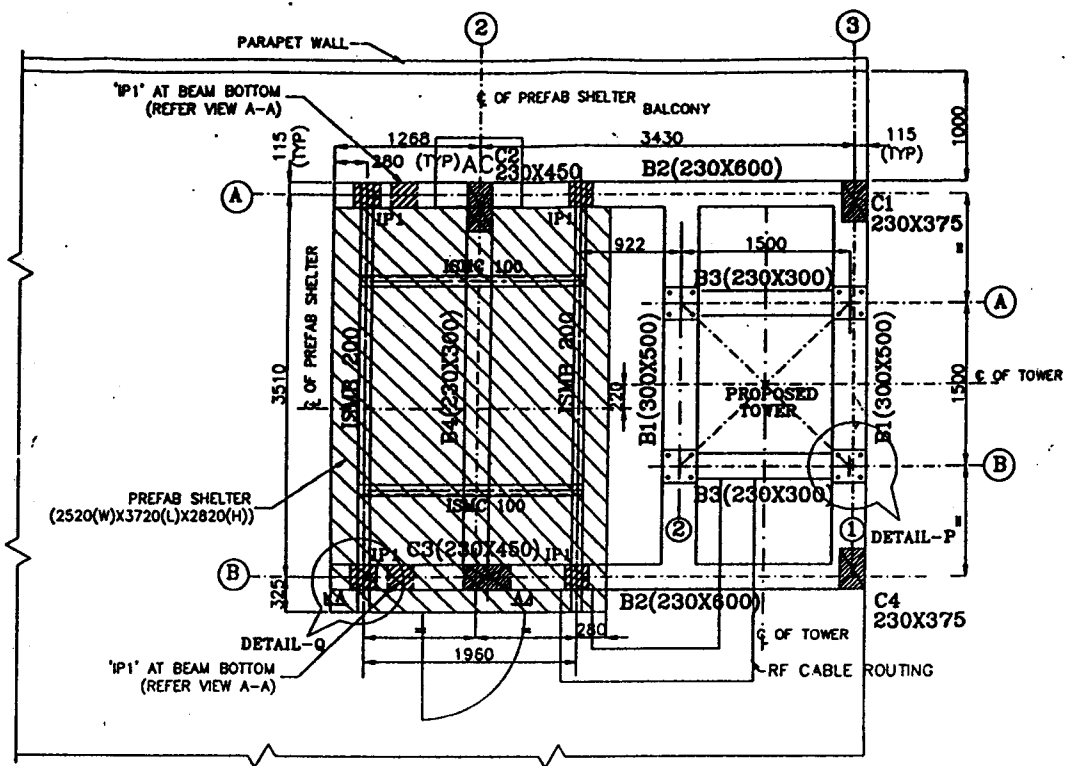

For Reliance Infocomm Ltd.

Dear Sir,

ME 2460

Sub : Cabling for providing BROADBAND TELECOMMUNICATION at our premises.

We refer to our discussions with your representative Mr. M. DILIP KUMAR & your proposal on the above subject.

We are pleased to inform that we agree to your carrying out the cabling work in our premises as per the layout plan to be submitted by you and approved by us.

We understand that you will bear the cost of cable & cabling. You will do all kind of reinstatement to original condition at your own cost. You have also ensured that the décor of the building will not be affected. The work will be executed with minimal inconvenience to the occupants.

The sequence of activities would be as follows:

- Survey to be conducted by you and layout to be submitted by you for approval.
- Layout to be approved by us.
- Cabling work to be carried out by you as per layout approved by us.

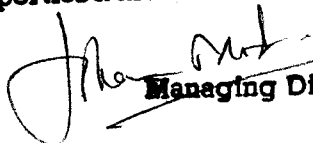

All future correspondence & co-ordination will be handled by our Medi Properties & Investments Pvt Ltd. You should contact him/her on Tel. Nos. 7544058, 7543658 at the office or on Tel. No. _____ at the residence.

We would request you to complete the work at the earliest.

Thanking you,

Yours Truly,

For Medi Properties & Investments Pvt. Ltd.
