F	Construction to be Commenced Before				20 July, 2023			
G	Construction to be Completed Before				20 January, 2028 / The Project Implementation time as stipulated by TSIIC holds good which ever is earlier.			

The Building permission is sanctioned subject to following conditions:

- The permission accorded does not confer any ownership rights. At a later stage if it is found that the documents are false and fabricated the permission will be revoked.
- The building plans technically approved are valid for a period of Six (6) years i.e. **20 January, 2028** from the date of issue of the building permit order/ The Project Implementation time as stipulated by TSIIC which ever is earlier. If the work is not completed within the stipulated period or construction is not commenced within eighteen (18) months i.e. **20 July, 2023**, the building permission accorded stands canceled and fresh application shall be submitted duly paying requisite fee.
- Sanctioned Plan shall be followed strictly while making the construction. Prior Approval should be obtained separately for any modification in the construction. No deviation, misuse (or) violations of minimum set back and other balcony projections shall be allowed and set backs are open to sky.
- Sanctioned Plan copy as attested by the TSIIC/ IALA shall be displayed at the construction site for public view.
- Commencement notice shall be submitted by the applicant before commencement of the building.
- Completion Notice shall be submitted after completion of the building & obtain Occupancy Certificate.
- Occupancy Certificate is compulsory before occupying any building.
- Public Amenities such as Water Supply, Electricity Connections will be provided only on production of occupancy certificate.
- Tree Plantation shall be done along the periphery and also in front of the premises at a distance of not less than 4.00 mts between each tree.
- The totlot shall be maintained at not less than 5 % of the plot area as approved in the plan. Totlot shall be fenced and shall be maintained as greenery at owners cost before issue of occupancy certificate.
- Rain Water Harvesting Structure (percolation pit) shall be constructed.
- Space for Transformer shall be provided in the site keeping the safety of the occupants in view.
- Garbage House shall be made within the premises.
- Cellar and stilt floors approved for parking in the plan should be used exclusively for parking of vehicles without partition walls & rolling shutters to ensure free vehicular movement. The parking area should not be converted or misused for any other purpose at any time in future as per undertakings submitted. No vehicle shall be parked on road side.
- No. of units as sanctioned shall not be increased without prior approval of TSIIC / TSIIC IALA at any time in future.
- This sanction is accorded on surrendering of Road affected portion of the site to the TSIIC - IALA **Turkapally** at free of cost without claiming any compensation at any time as per undertaking submitted.
- Stocking of Building Materials on footpath and road margin causing obstruction to free movement of public & vehicles shall not be done, failing which permission is liable to be suspended.
- The permission accorded does not bar the application or provisions of Urban Land Ceiling & Regulations Act 1976.
- The Developer / Builder / Owner to provide service road wherever required with specified standards at their own cost.
- A safe distance of minimum 3.0 mts Vertical and Horizontal Distance between the Building & High Tension Electrical Lines and 1.5 mts. for Low Tension Electrical Line shall be maintained.
- No front compound wall for the site abutting road shall be allowed and only Iron grill or low height greenery hedge shall be allowed.
- If greenery is not maintained, 10% additional property tax shall be imposed as penalty every year till the condition is fulfilled
- All Public and Semi Public buildings above 300Sq.mts shall be constructed to provide facilities to physically handicapped persons as per provisions of NBC of 2005.
- The mortgaged built up area i.e **801** Sqm in Ground floor, 1st floor & 2nd Floor shall be allowed for registration only after an Occupancy Certificate is produced for the plots above 200 Sqmt with a height up to 7.00Mt in respect of Municipal Corporation including G.H.M.C and 300 Sqmt with a height up to 7.00 Mt in respect of Municipalities / Nagar Panchayats.
- The Registration authority shall register only the permitted built up area as per sanctioned plan.
- The Financial Agencies and institutions shall extend loans facilities only to the permitted built up area as per sanctioned plan.
- The Services like Sanitation, Plumbing, Fire Safety requirements, lifts, electrical installations etc., shall be executed under the supervision of Qualified Technical Personnel.
- Architect / Structural Engineer if changed, the consent of the previous Architect / Structural Engineer is required and to be intimated to the TSIIC IALA.
- Construction shall be covered under the Contractors All Risk (CAR) Insurance policy till the issue of occupancy certificate.
- The Owner/builder shall strictly comply with the directions contained in the order of NATIONAL GREEN TRIBUNAL as well as the Ministry of Environment and Forests (MOEF) Guidelines, 2010 while raising construction.
- The Owner/builder shall cover the building material, stock at site. Every builder or owner shall put Tarpaulin on scaffolding around the area of construction and the building.
- All the construction material and debris shall be carried in the trucks or other vehicles which are fully covered and protected, so as to ensure that the construction debris or the construction material does not get dispersed into the air or atmosphere in any form whatsoever.
- The dust emissions from the construction site should be completely controlled and all precautions shall be taken in that behalf.
- The vehicles carrying construction material and debris of any kind shall be cleaned before it is permitted to ply on the road after unloading such material.
- Every worker on the construction site and involved in loading, unloading and carriage of construction material and construction debris should be provided with mask helmets, shoes to prevent inhalation of dust particles and safety.
- Owner and builder shall be under obligation to provide all medical help, investigation and treatment to the workers involved in the construction and transport of construction material and debris related to dust emission.
- Owner/builder shall maintain Muster Role of all employees/workers and make necessary insurance till the work is completed failing which the sanction accorded will be canceled.
- Owner/builder shall mandatorily use wet jet in grinding and stone cutting, wind breaking walls around construction site.
- Pollution Control Board clearance if any required shall be obtained by the applicant.
- Necessary approval shall be taken from the competent authority for controlled blasting if required.
- The Building permission is accorded subject to the conditions that any other charges under Hyderabad Metropolitan Development Authority/GHMC regulations or under any other provisions are payable as and when demanded by the TSIIC Ltd. Commissioner / Executive Officer, TSIIC-IALA, **Turkapally**, Hyderabad - within 15 days from the date of issue of notice to the applicant and an undertaking has to be submitted by the applicant accordingly.
- The applicant shall ensure the following with regard to water supply, drainage & sewerage disposal systems for the proposed building:
 - The locations of water supply source and sewerage disposal point are to be located at appropriate distance within the site preferably at 100ft. distance apart so as to avoid contamination.
 - Water shall be disinfected by adding hypo solution to maintain 0.3 to 0.4 ppm of residual chlorine in the sump/over head tanks.
 - Where main Municipal/Panchayat drain does not exist in the vicinity of site, the applicant has to connect to the main existing drain by laying required sewer pipe line of.
 - In case where such Municipal/ Panchayat drain does not exist, the applicant has to connect the treated sewerage over flow to a natural drain or nala with a required sewer pipe line.
 - The applicant has to ensure the sewerage of the building is invariably treated in a common septic tank constructed as per the standards & specification (ISI Code No.2470 of 1985 (Annexure-I) with a fixed contact bed, duly covered & ventilated for primary treatment. The

TSIIC- Turkapally

BUILDING PERMIT ORDER

applicant shall ensure that no effluent/drainage over flows on the road or public place or vacant lands. To prevent chokeage of sewers/drains, the last inspection chamber within the site/ premises shall be provided with safety pads/gates.

- f. The applicant should clean the septic tank periodically by themselves and clear away the sludge etc. to designated sludge disposal point.
- g. Since eventually the public sewerage and water supply systems are expected to be systematically added/extended by the Hyderabad metropolitan Water Supply and Sewerage Board or by IALA to the outlying areas of Hyderabad, the proposed building owners shall pay proportionate pro-rata charges to HMWS&SB/ TSIIC IALA for the above facilities as and when demanded by the HMWS&SB / TSIIC IALA.
