2. Excess claim of ITC:

• ITC to be reversed on non-business transactions & exempt supplies

Under Sec 17(1) & (2) where the goods or services or both are used by the registered person partly for the purpose of business, partly for other purposes or partly used for effecting exempt supply and partly for taxable supply then the amount of credit shall be restricted to so much of the input tax as is attributable to the taxable supplies in the course of business. Therefore the taxable person needs to make an apportionment of available input tax credit under Rule 42 & 43 to arrive at the eligible ITC.

However as seen from the GSTR-09 return filed it is evident that you have not made such apportionment resulting in excess claim of ITC than you are eligible. The details of the working are as under:
