We are very much encouraged by the positive response to our request for giving your consent to the allotment of the foot ball grounds for our proposed unit. Our Partner Shri Desai is undertaking a tour of Germany, England and the African Countries for collaboration and marketing arrangement. Our firm is participating in the fair organized by engineering export promotion council and Frankfurt in Germany. There after we will be touring the countries of Africa, finally we wil participating in the Industrial Trade fare at London organised by Government of India. We are going ahead without proposed project for rigs and industrial valves. In this connection during the tour we are likely to enter into collaborations and make marketing arrangements of our products.

We shall be oblige if necessary clearance for completing the preliminaries like power and housing is permitted at an early date. We trust you will do the needfull to enable us to expeditiously put up the industry and oblige.

In this connection The Commissioner of labour department has requested the infrastructural Corporation to provide alternative site in any of the labour collonies. As mentioned earlier we are agreable to deposit the required amount with the labour department for shifting the welfare center as and when alternative site is available. Till such time we request you to impress the labour department to accept the arrangement and release the open plot(Foot Ball Groundix in the interest of the industry and to get maximum share of export order for the current ster andeisentfdtemardeendour deelgredphy.the United nations Organization.

Thanking You,

Yours faithfully,
for MEERA INDUSTRIES.,
