

13/2/1982.

To
The Regional Development Officer,
Industries, Hyd. Urban District,
Mugheerabad,
Hyderabad-500020.

Dear Sir,

Sub: Indl Area, Azamabad-Plots No. 15/1 & 15/2,
leased out to Labour Welfare Centre-
Remarks called for - Reg.

Ref: Your letter No. 12331/IAA/RDO/81. dt. 5.12.81

COPY

We are in receipt of your letter dated 5.12.81, we are glad to inform you that trunkay contracts are being offered by the various government of the developing countries for providing bore wells and deep well hand pumps including the maintenance of the same. The current decade has been announced by UNICEF and World Bank as international decade for water and sanitation. We are in business of manufacturing deep well hand pumps. We along with our sister concerns have an annual production of about Rs. 2 Crores. We have all the required experience of trunkay job as we are doing it for the Government of Maharashtra. Since we need to develop persons preferably I.T.I trained to handle the additional responsibility in the country and in and around the undeveloped developing world. We propose to train them to accept these responsibility. The modalities could be worked out in detail at appropriate time.

We regret we can not afford to buy and provide the land. But we can carry out what has been committed by us on the land/centres identified by the Labour/Government department. In case of delay in identifying the place,

We trust that you will accept deposits in lieu of the facility offered by us. And allow us to capitalize on the current boom viz. the International decade for water and sanitation in interest of employment, exports etc. etc.

Thanking You,

Yours faithfully,
for MEERA INDUSTRIES.,

Satish modh

Partner.

C.C. to Addl. Director, Industries, Hyderabad.
