Sl. No.	Description of Work	Qty	Rate	Amount
1)	Mobilization of personals, rotary drilling equipments to establishing camping at site, staff stay and demobilisation on completion of field investigations and back.	03	16,650/- Per borehole	49,950/-
2)	Drilling boreholes with Rotary Drilling equipment upto Max. depth of 10M (in soil/SDR) below existing GL (OR) 3M into Hard rock strata whichever is more.			
3)	Conducting Standard penetration tests at various depth in the boreholes (Only in soils)			
4)	Collecting undisturbed (in soils only)/ disturbed soil samples at regular intervals.			
5)	Drilling in Soft disintegrated rock (N>50).			
6)	Drilling in Hard Rock and collecting rock core and noting down the RQD and Core recovery %.			
7)	Conducting necessary laboratory tests as per BIS on soil (Grain size analysis, atterberg limits, natural density, natural water content, specific gravity, tri-axial shear/ direct/UCC tests and Free Swell Index). Conducting laboratory tests on rock such as density, water absorption, porosity, point load strength and compressive strength of rock.			
8)	Also, Submission of geotechnical report in duplicate giving details of field, lab results, recommendations for type of foundation, their depth and safe bearing capacity.			
(RUPEES FIFTY EIGHT THOUSAND NINE HUNDRED AND FORTY ONE ONLY)		Total Amount :		49,950/-
		IGST @ 18% :		8,991/-
		Grand Total :		58,941/-
