- 2. As per Sec 65(105 (zzzh) of the Service Tax Act "taxable service" means any service provided or to be provided -to any person, by any other person, in relation to construction of complex. As per Sec 65 (30a) of the Service Tax Act "construction of complex" means construction of a new residential complex or a (a) part thereof; or completion and finishing services in relation (b) to residential complex such as glazing, plastering, painting, floor and wall tiling, wall covering and wall papering, wood and metal joinery and carpentry, fencing and railing, construction of swimming pools, acoustic applications or fittings and other similar services; or repair, alteration, renovation or restoration (c) of, or similar services in relation to, residential complex;
- 3. As per Section 65(105(zzzza)) of the Finance Act, 1994 "taxable service" under works contract means any service provided or to be provided to any person, by any other person in relation to the execution of a works contract, excluding works contract in respect of roads, airports, railways, transport terminals, bridges, tunnels and dams.

Explanation.—For the purposes of this sub-clause, "works contract" means a contract wherein,—

- (i) Transfer of property in goods involved in the execution of such contract is leviable to tax as sale of goods, and
- (ii) Such contract is for the purposes of carrying out,—
- (a) erection, commissioning or installation of plant, machinery, equipment or structures, whether prefabricated or otherwise, installation of electrical and electronic devices, plumbing, drain laying or other installations for transport of fluids, heating, ventilation or air-conditioning including related pipe work, duct work and sheet metal work, thermal insulation, sound insulation, fire proofing or water proofing, lift and escalator, fire escape staircases or elevators; or

 - (ii) a common area; and
 - (iii) any one or more of facilities or services such as park, lift, parking space, community hall, common water supply or effluent treatment system,

located within the premises and the layout of such premises is approved by an authority under any law for the time being in force, but does not include a complex which is constructed by a person directly engaging any other person for designing or planning of the layout, and the construction of such complex is intended for personal use as residence by such person.

- On gathering intelligence that M/s Paramount Builders though registered with the service tax department are not discharging the service tax liability properly and also not filing the required returns, investigation has been taken up by the department and Summons dated 13.1.2010 for submission of relevant record /documents / information have been issued to them. On verification of records submitted by the assessee, it is found that M/s Paramount Builders have undertaken a single venture by name Paramount Residency located at Nagaram village, Keesara Mandal, RR District, and received amounts towards sale of undivided portion of land and semi finished flats and agreement of construction from September 2006 to December 2009 from their customers, and also from M/s Bhargavi Developers for construction services. In the said venture, they have entered into sale deed, agreement of construction in respect of 122 flats with their customers. Out of the above 122 flats, in respect of 14 flats and M/s Bhargavi Developers they started receiving amounts towards construction prior to the date from which the works contract service is taxable and therefore they are classifiable under Construction of Residential complex service. In respect of the remaining flats they started receiving the amounts from their customers after the date from which the works contract service is taxable and therefore they are classifiable under works contract service. Though they got registered for payment of service tax against construction of residential complex service and works contract service, till date they have not filed the ST3 returns with the department. However, they have submitted the copies of the ST3 returns prepared for the periods October, 2007 to March 2008 (two returns), October, 2008 to March 2009 (two returns) which were not acknowledged by the department, along with the copies of the challans evidencing of payment of Rs. 20,63,125/- towards construction of Residential complex service, Rs. 7,75,228 towards works contract service along with other payments of Rs. 3,137/- . Further, it is found that they have stopped payment of Service Tax on receipts from 1-1-2009 by misinterpreting the clarification issued by the Board vide circular No. 108/02/2009 - ST dated 29th January 2009.
- A Statement was recorded from Sri. A. Shanker Reddy, Deputy General Manager, (Admn.) authorized representative of M/s Paramount Builders on 1.2.2010 under Section 14 of the Central Excise Act, 1944 made applicable to Service Tax vide Section 83 of the Finance Act, 1994. Sri. Reddy vide his Statement dated 1.2.2010 had interalia stated that "the activities undertaken by the company are providing services of construction of Residential Complexes; They purchased the land under sale deed; On that they constructed the residential complexes; Initially, they collect the amounts against booking form/agreement of sale; At the time of registration of the property, the amount received till then will be allocated towards Sale Deed and Agreement of construction; Therefore, service tax on amounts received against Agreement of construction portion up to registration was remitted immediately after the date of agreement; The service tax on remaining portion of the amounts towards Agreement of construction is paid on receipt basis; Agreement of sale constitutes the total amount of the land / semi finished flat with undivided share of land and the value of construction; The sale deed constitutes a condition to go ahead for construction with the builder; Accordingly, the construction agreement will also be entered immediately on the same date of sale deed; All the process is in the way of sale of the constructed unit as per the agreement of sale but possession was given in two phases one is land / semi finished flat with undivided share of land and other one is completed unit. This is commonly adopted procedure as required for getting loans from the banks". Further, he stated that services to a residential unit / complex which is a part of a residential complex, falls under the exclusion clause in the definition of residential complex. Further, he stated that they have stopped collection and payment of service from 1-1-2009 in the light of the clarification of the Board vide circular No. 108/02/2009 – ST dated 29th January 2009.
- As per the exclusion provided in Sec 65(91a) of the Service Tax Act, the residential complex does not include a **complex** which is constructed by a person directly engaging any other person for designing or planning of the layout, and the construction of such complex is intended for personal use as residence by such person. Here, "personal use" includes permitting the complex for use as residence by another person on rent or without consideration. It is further clarified in para 3 of the Circular No. 108/02/2009 ST, dated 29th January 2009 if the ultimate owner enters into a contract for construction of a **residential complex** with a promoter / builder / developer, who himself provides service of design, planning and construction; and after such construction the ultimate owner receives such property for his personal use, then such activity is not liable to service tax. Therefore, as per the exclusion clause and the clarification mentioned above, if a builder/promoter/developer is constructing entire residential complex for one person for personal use as residence by such person would not be subjected to service tax. For example, construction of residential quarters by the Income tax department for their employees by employing a contractor for design, planning and construction is not leviable to service tax because it is for

the personal use of the Income tax department. Normally, a builder/promoter/developer constructs a residential complex consisting number of residential units and sells those units to different customers. So, in such cases the construction of complex is not meant for one individual. Therefore, as the whole complex is not constructed for single person the exclusion provided in Sec 65(91a) of the Service Tax Act doesn't apply. Further, the builder/promoter/developer normally enters into construction / completion agreements after execution of sale deed. Till the execution of sale deed the property remains in the name of the builder/promoter/developer and services rendered thereto are self service. Moreover, stamp duty will be paid on the value consideration shown in the sale deed. Therefore there is no levy of Service Tax on the services rendered till sale deed i.e., on the value consideration shown in the sale deed. But, no stamp duty will be paid on the agreements / contracts against which they render services to the customer after execution of sale deeds. There exists the service provider and service recipient relationship between the builder/promoter/developer and the customer. Therefore, such services against agreements of construction invariably attract service tax under Section 65(105(zzzzza)) of the Finance Act, 1994.

- 8. As per the definition of "Residential Complex" provided under Section 65(91a) of the Finance Act, 1994, it constitutes any one or more of facilities or services such as park, lift, parking space, community hall, common water supply or effluent treatment system. The subject venture of M/s Paramount Builders qualifies to be a residential complex as it contains more than 12 residential units with common area and common facilities like park, common water supply etc., and the layout was approved by HUDA vide permit No. 6008/P4/Plg/HUDA/2006, dated 14-9-2006. As seen from the records submitted, the assessees have entered into 1) a sale deed for sale of land together with / without semi finished portion of the house and 2) an agreement for construction, with their customers. On execution of the sale deed the right in the property got transferred to the customer, and hence the construction service rendered by the assessees thereafter to their customers under agreement of construction is taxable under service tax as there exists service provider and receiver relationship between them. As there involved the transfer of property in goods, it appears that the services rendered by them against agreements of construction are taxable services under Construction of residential complex service or works contract service as the case may be.
- 9. As M/s Paramount Builders have not furnished the monthwise particulars of amounts received exclusively on agreements for Construction, the tax liability has been arrived at on the basis of soft copies of the books of accounts provided by M/s Paramount Builders. It is arrived at that they have collected an amount of Rs. 10,80,90,207/- (towards Construction of residential complex service Rs. 3,41,50,269/- and towards Works contract service Rs. 7,39,39,938/-) other than sale deed amount and are liable to pay service tax of Rs., 40,18,792/- (towards Construction of residential complex service Rs. 13,76,334/- and towards Works contract service Rs. 26,42,458/-) during the period from September, 2006 to December 2009. Against the said liability M/s Paramount Builders have paid service tax of Rs. 28,38,353/- (towards Construction of residential complex service Rs. 20,63,125/- and towards Works contract service Rs. 7,75,228/-). Therefore there is a short payment of Rs. 11,80,439/- (towards Construction of residential complex service Rs. 6,86,791/- (Excess payment) and towards Works contract service Rs. 18,67,230/- (Short payment)). The details of amounts collected, service tax liability, paid details, balance tax payable are as detailed in the **Annexure** to this Notice.
- 10. M/s Paramount Builders are well aware of the provisions and of liability of Service tax on receipts towards Construction and have not assessed and paid service tax properly by suppression of facts and contravened the provisions of Section 68 of finance Act, 1994 with an intent to evade payment of tax. They have intentionally not filed the returns and produced the particulars. Further, they misinterpreted the definition of the works contract service with an intent to evade payment of Service Tax. All the facts have come to light only after the department has taken up the investigation. Hence, the service tax payable by M/s Paramount Builders appears to be recoverable under **Sub Section (1) of Section 73 of the Finance Act, 1994.**
- 11. From the foregoing it appears that M/s Paramount Builders, 5-4-187/3 & 4, II Floor, MG Road, Secunderabad 500 003 have contravened the provisions of Section 68 of the Finance Act, 1994 read with Rule 6 of the Service Tax Rules, 1994 in as much as they have not paid the appropriate amount of service tax on the value of taxable services and Section 70 of the Finance Act, 1994 read with Rule 7 of the Service Tax Rules, 1994 in as much as they have not filed statutory Returns for the taxable services rendered and also did not truly and correctly assess the tax due on the services provided by them and also did not disclose the relevant details / information, with an intent to evade payment of service tax and are liable for recovery under proviso to the section 73(1) of the Finance Act, 1994 and thereby have rendered themselves liable for penal action under Section 76, 77 and 78 of the Finance Act, 1994
