Dear Mr. M Anand Kumar,

Please note that it is difficult to schedule a meeting on 2nd November as most of our staff is on leave due to the festival season. Please suggest an alternate date after 3rd November.

We have sent point-wise details about the complaint raised by you on 1st October 2024. Most of the work has been completed. In case we have missed or failed to address any complaint, please send us a list of such complaints. We will send our written reply and ensure that the complaints are addressed immediately.

We have instructed our MEP engineers to install a 65kva generator in place of the 25kva generator. We will observe it for 30 days. If the generator doesn't trip due to low load, the generator will be permanently fixed and a controller for auto on-off will be ordered.

Regards,
K Krishna Prasad
