About Us

[Home](#) (<https://www.syngeneintl.com/>) [About Us](#)

Enabling innovative scientific solutions; transforming patients' lives

Syngene is a contract research, development and manufacturing organization (CRDMO) that provides integrated discovery, development, and manufacturing services to pharmaceutical, biotechnology, animal healthcare, consumer goods and agrochemical companies.

Syngene's clients are world leaders in their fields, ranging from leading global multinationals to small and medium-sized start-ups, non-profit institutions, academic institutes and government organizations.

Incorporated in 1993, Syngene is listed separately on the Indian stock exchanges – NSE and BSE. With a unique business model, a talent pool of 5656 scientists, scientific expertise across new therapeutic modalities, an experienced management team, and an independent Board committee, Syngene works for clients around the globe, delivering innovation that benefits human and animal health. As a strategic partner to its clients, often working as an extension of their internal scientific teams, Syngene offers innovative, flexible, and efficient approaches to scale up rapidly. This, in turn, enables faster go-to-market and access to patients.

Syngene's focus on innovation is evident in its approach to integrated, end-to-end services that is spread across

Adding to Syngene's appeal as a partner of choice, is its strong corporate governance framework focused on client satisfaction, quality, safety, ethics, and data integrity. The entire business is underpinned by a robust global supply chain comprising 2900+ suppliers across 30 countries, including strong regional/local supplier networks to ensure uninterrupted supplies.

(<https://www.syngeneintl.com>)

Syngene firmly believes in balancing business growth with responsibility towards the planet. Its environment social and governance (ESG) strategy is based on the key themes of managing its environmental footprint; being a responsible employer; ensuring strong governance; and investing in local communities. Syngene has invested in group captive in renewable and solar energy which has resulted in 82% of electricity consumed from renewable sources. We have achieved zero waste to landfill across all our sites. We have a zero liquid discharge policy at our sites in Bangalore and Mangalore (view ESG report (<https://www.syngeneintl.com/esg-reports/>)).
