Dear Sir,

I agree that I need to pay him 14 lakhs outstanding from my company, as my previous mails to you I always tried to mention about not getting payments for labour ,I am ready for any audit on my account I promise you that not even a single rupee is diverted to any place, since last three weeks I started getting my labour payments from all the sites and I am thankful to you for giving me a lot of support, now I have no pressure either from labour or from materials payment, I am ready for any action taken by you against me but request you to give a chance I need 3-4 weeks to come out of everything, I have appointed an engineer at cheerrallapalli site work is going on as per my schedule, we have already started plastering 81 Vila, I have set my people a target to hand over the villas by April end or Max by may 1 week.

Please treat this as my last mistake, I promise you as long as I am working under you I will make sure no such things would again be repeated.

Thanks®ards
K Srinivas
