Subject: Regarding Marc health faucet - Issue

Print

Dear Prabhakar,

As mentioned earlier, some customers in A block have been facing issues with the Marc, health faucet at site. The handles come off easily. We have contacted the technician who said that the units can not be replaced. However, if the handle/presser is intact, the same can be fixed to the health faucet for a charge of Rs 50 per unit.

Please find attached the pictures of the damaged health faucet. This is for your information.
