Urgent...

Hi,

We requested to add extra tiles in our kitchen in Flat No 712. Which is pending till date. We requested to complete the same on our every visit.

Tomorrow Srikanth informed us that, title work will be completed after third phase, after completing wood work. I am not able to understand why this and who will be responsible if my wood work will spoil do to title and cement work. Apart from that I have personally shown so many problems which are still pending. When ever we will are asking every week we get some excuses. If you people do not have labour arrange other people this is not and excuse that labour are not available.

I am really pissed off on you guys, after making several requests why things are not moving. How many times I need to remind the same thing due to my cousin marriage I need to move early. I can for other flat on same floor things are moving fast but not for me.

Please do the needful as early as possible and allow permission for wood work.
