Dear Krishna Prasad Garu/ SHIRISH Garu,

You are requested to please look into the same and do the needful by arranging best possible methods to avoid the such things.

Thanks & Regards,

Soma Kiran Kumar

 Dear Mr.Krishna Prasad,

This is bring to your notice that cars are getting damaged at parking very frequently, I have taken a new car 6 days old was parked in allocated parking, on 9th of june 2017 morning hours when i have taken my car found scratches on the car.

I have informed to Mr.Sirish and spoke to security person on duty, as i was going to nizamabad next day (10th june) met Mr.Andrews and informed the issue & he told that security at parking area is not possible.

As it was happened to many other cars of the residents in the apartment regularly & informed it to You as well as to Mr.Sirish, But there was no action or any solutions provided from your end, There for i approached kesara Police station and told them about car damages happening at the apartment.The first question asked by police people weather there are cc cam at driveway or not.

Police people came and taken photos of all the damaged cars in the presence of the car owners and also meet Mr. Andrew.

As there are no cc cams at driveway police people asked to put a mail to builder requesting for cc cams.

Please find the attachment of damaged cars images taken by police people.

We request you to install cc cams at drive way asap.

Regards,
 Nilesh(801) and Paramount avenue.
