

For relieving the Passengers trapped inside the Lift, the following steps maybe observed :

- 1) If the Lift has stopped in between floors, Normally a large portion would be visible from one of the landings. Select that landing for carrying out rescue operations.
- 2) Insert the Door Open Key in the provision provided above the Push Box, Push the Door Open Key and Open the door lock. The door will open freely without any obstruction. If any obstruction is observed, reinsert the key a little deeper till the lock releases and gate open freely.
- 3) Help the Passengers to come out of the Lift. See that he does not slip into the Lift Shaft. If any stool is provided for stepping on, please hold it firmly so as to prevent it from slipping into Lift Shaft.

"CAUTION"

The Rescue Operation should only be carried out by responsible members. Please do not allow children to carry out the rescue operations.

If you are trapped in a Lift, please do not panic. Nothing will happen. Please press the **ALARM BELL** or should for help. Do not press any of the buttons unnecessarily while the rescue operation is on. If you have any difficulty in operation, or you require any guidance regarding the proper usage of the Lift please feel free to contact us at the above address so that we may be in a position to depute our personnel with a prior appointment to explain the various procedures.

You are entitled for periodical Free Service of the Lift both preventive and Corrective maintenance for a period of One Year. Our personnel will be coming periodically to carry out the maintenance of your Lift. After expiry of One Year Guarantee period, we offer Two types of Services.

- 1) Comprehensive Servicing and Maintenance Plan.
- 2) Routine Servicing and Maintenance Plan.

However, we will be getting in touch with you in this regard before the expiry of the warranty period.
