Subject: Night security -reg

Thanks to Sri Soham Modi for arranged isolated method for the four blocks, so as to control entry of labour in to cellar. But the inside gate is inviting all including labour throuhout night without any security guard after 6.00 pm onwards, as it breaks the idea of Modi Sir.

Hence, it is requested to arrange security guard round the clock at inside gate besides posting one supervisor in night duty to avoid thefts like cycles, petrol, Outsiders/drunkers entry etc.

Many times drunks of our labour as well as others are doing nuisance in our premises.

Pl. Kindly understand the problems and do the needful.

Thanking you,

Yours faithfully,
VmvS Satyanarayana
Co-opted member and
In-charge of Security.
