Subject: Security duties - reg.

It is observed that today between 8.00 AM to 9.00 AM No security guard or Supervisor except Mr. Asin (back gate security) available in the Vista Homes gates/security Office. By 9.30 AM when I asked the Supervisors regarding the

issue and complaint book, they simply said go to office and compliant there only in reckless manner. The same was informed over phone to Mr. Madhu. Project Manager, and Mr. Milan, Security Supervisor.

So many children cycles are theft in cellar due to lack of proper security. My suggestion is kindly post ONE Supervisor in the night timing also instead of two supervisors in the day. So kindly take proper action regarding security personnel to save residents lives as well as vehicles with prompt security.

Thanking you,

Yours faithfully,
VMVS SATYANARA YANA
