## WE CREATE MOMENTS OF HAPPINESS

Replay a brand of Raj Equipment (India) Pvt. Ltd. is located in beautiful orange city Nagpur, Maharashtra since 1992, is fighting obesity and improving the communities overall wellness by installing outdoor fitness zones that are free for public use

Replay has been enthusiastically embraced by communities across India for its high quality and multi-generational outdoor gym equipment. Replay has seen great success in helping to build healthy communities, bringing free exercise to low income neighborhoods and helping to fight the national obesity epidemic.

## Specification

### Our Product Are Built To Last

Our outdoor fitness equipment is protected from rust, corrosion and chipping. It retains its strength for years without any need for lubrication, winterizing or regular maintenance. Our equipment is manufactured according to the following specifications.

- All equipment is constructed of IS 1239 Mild Steel.
- The joints welding is at least 2/5-1/2 inch thick.
- The bearings are made of cast steel with cast steel roller, and do not require re-lubrication.
- All seats and stepping platforms are made of custom molded plastic or steel & cast iron.
- After fabrication and welding all parts are processed for rust protection.
- All metal parts receive two layers (120-400 microns) of PU paints or powder coat.
- An additional layer of polyurethane Uv3 (450 microns) is applied to all metal parts for ultraviolet protection.

## Color

Our equipment is available in a Yellow & Grey color combination. The Yellow & Grey color combination blends the park environment very well.

We do provide custom colors, however we highly discourage using different color schemes as we only carry stock in our default colors.

### Benefits of open air gym

#### Mental Health

Increases serotonin levels  
Boots overall mood and well-being  
improves mental acuity  
Greater feeling of revitalization and positive enjoyment

#### Physical Health

Reduces cardiovascular disease risk  
Builds lean muscle and aerobic fitness  
Improves exercise adherence  
Increases energy

#### Social

Provides opportunities for fitness classes  
Encourages motivation and support  
Attractive to new users and beginners

Situated often near children's playgrounds, outdoor gyms encourage parents to use them while their kids play.

These gyms appeal to individuals who normally struggle to find the time or money to attend a regular gym, and are even new to exercise.

Replay aspires to make communities play once again in fresh air using its open gym equipment, which are made keeping in mind the potential wear and tear of a city environment with the dreams of an active, healthy and happy India

## Safety

Safety is of the utmost importance to everyone. Our exclusive durable outdoor fitness equipment follows the highest safety standards, is built to last and requires virtually no maintenance. Replay outdoor fitness equipment can be used by anyone aged 14 years and up with minimal concern of injury.

Playground regulations only apply to play equipment designed for children under the age 12. Exercise equipment designed for use by people over the age of 12 is specifically excluded from these requirements.

In the event that playground equipment is in close proximity to a proposed fitness area, Replay will advise as to the most appropriate equipment selection for the space in question. Each installed unit comes with a safety and user guide label with age guidelines clearly designated (i.e. equipment is intended for use by individuals 14 and older) Replay also offers large signage to identify the entire location.

We follow ASTM & EN standards.

## Installation

Our equipment is made from heavy steel pipes and is subject to heavy forces and torques when in use. Extra care must be taken to ensure that the equipment is securely installed so that it can be safely enjoyed for years to come.

In order to ensure correct installation elevation, our preferred method of installation is surface mount, with posts bolts bolted to concrete. in-ground installation option is available upon request.

We recommend hiring a professional installation person to ensure that the equipment is installed correctly and according to our specifications. Full installation instructions and equipment specifications will be provided on request.

## Warranty

In light of the quality of our products and the manufacturing process, we are proud to offer a 3 year limited warranty-one of the best warranties in our industry. For detailed information on our warranty please see our warranty certificate.
