CORPORATE PROFILE

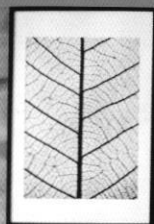

Nexon Paints : Vibrant Ideas

To create vibrant spaces, one needs vibrant ideas. And at Nexon Paints, this is what we focus upon.

Started with an aim to manufacture high quality, easy to afford products, Nexon Paints is a fast growing company. Formerly known as Saicoat Paints, the company has acquired a decent share in the market as well as a strong base of happy customers.

And now, we are all set to take the next big leap. For doing so, we have incorporated a sequence of changes which include – adoption of an internationally appealing identity, inclusion of a professional management structure and a new team of sharp minds with acute business sense.

With a strong vision for the future and openness to fresh ideas, Nexon Paints gears up to spearhead on its new trajectory and make its mark across India, by 2020.

A state-of-the-art infrastructure

An ultra-modern plant with a capacity of 36,000 TPA in the beautiful city of Nizams, it's situated amidst the beautiful environs of Pashamylaram, on the outskirts of Hyderabad.

Built to deliver the best quality paints and ancillary products, the plant is well-equipped with advanced machinery. Along with this, the staff manning the machines are also intensively trained to reduce wastage during production, avoid breakdowns and time lag in the production cycle.

With quality as our top priority, the production process includes multi-level checks and controls to deliver nothing less than the best.
