Subject: Road In Nilagiri Estates

Good evening Soham

The road in Nilagiri is very problematic . Already two material vehicles are struck in the road . We are levelling with Jcb but it is not enough to move vehicles.

We have to think some alternative before rains come. If rain is there vehicles doesn't go inside at all.

Work is going on well. We have done P.c.c for four villas and planing footings for 2 villas on 9th.

Regards,

Anand
