Subject: - Standardization of plants for landscaping.

In order to ensure that landscaping is easy to maintain and cost of landscaping including replacement of plants is reasonable, the plants used for landscaping are being standardized. Commonly available low cost plants have been selected. Pricing given here is only indicative. Photographs of the plants are attached herein for easy reference.

All sites shall use not more than 4 or 5 types of out door plants and just 1 or 2 types of plants from other categories.
