Our plant houses the country's most advanced Lab, with skilled technicians, professionals and experts from across the globe, ensuring quality and standards par excellence.

But most importantly, our processes, systems and technology also offer one more extended feature – peace of mind. In an industry where minor defects and imperfections are a norm, we strive to offer quite the opposite. With NITCO you are assured minimum risk, and the best quality, at all times. A definitive proof of that comes in the goodwill we've created amidst the Architect and Dealer fraternity across India.
