Lacquer Finish Furniture

Like a true market leader, Supreme has truly defined and redefined moulded furniture. The premium lacquer finish furniture from Supreme spells class, wherever displayed. Every single object in this collection is a shining example of contemporary design, creativity and innovation.

The all-time favourite **'Ornate'** & **'Pearl'** series has a rich gleaming lacquer finish surface. An unusual soothing experience when touched is what makes these chairs stand apart from the other moulded chairs. These chairs come in a wide range of matching velvet upholstery to match any decor. The cushions made of moulded polyurethane retain their perfect look even after years of use. Ideal for offices & homes. **'Texas Deluxe'** is a stylish chair made by using gas injection moulding technique. It comes with a solid build with no hollow parts, matt finish, fine weave and cane-look back with matching upholstery.

'Regal Super Deluxe' is a high back chair for extra seating comfort and has excellent premium looks with added advantage of stackability.

Premium Collection

Welcome to the world of **'Supreme's Premium Collection'**. This collection has ushered in a revolution in the furniture market. No longer seen as mere plastic furniture, these masterpieces are today practically covering every indoor & outdoor requirement of the modern homes & offices.

The future of chairs is here, **'Futura'** - the all new one-piece design. Futuristic, comfortable and stylish contoured shape. Sturdy with extra wide seat and no sharp edges. Another first from Supreme. Indeed a chair for the next generation.

'Empire', another marvel from Supreme, is a great combination of sophisticated wooden looks and the functional benefits of plastic moulded furniture. Ideally suited for use in offices & homes.

'Cambridge' likewise combines stylish rattan looks with the durability of moulded furniture. An ideal choice for plush offices, homes and restaurants.

Premium Collection

These armless beauties from Supreme are moulded from special resins and gas-assisted technology, which makes them quite sturdy and durable.

'Deck' & 'Cruz' are the recent introductions from Supreme. Available in an array of muted pastel shades. Solid, heavy weight frame and elegant wooden looks.

'Oasis' has an extra wide combed back seat design. Made of glass reinforced polymers with gas-assisted moulding technology. Ideal for outdoor dining use.

'Omega' is ideal for mass seating application areas like convention halls, schools, auditoriums etc.

'Diva' has been designed on the latest European trends. In-built sturdy aluminium legs, a plastic seat and transparent polycarbonate back.

'Ladder' has wooden texture, cane-like perforated seat and matt finish. Designed on similar lines, 'Iris' comes in exciting shades. 'Pearl Cane', 'Poise' & 'Antik' are armless chairs. Ideal for dining applications for both outdoor & indoors.

'Web' is a marvel of modern design. Due to its unique eye-pleasing, web-like pattern, bright colours and easy-to-maintain features, 'Web' is one of the most cherished models in the designer monobloc category.

Monobloc Chairs

The monobloc range of chairs forms a category which sets Supreme apart from others. It has the widest range of models and choice of designs in the country.

Bold original designs and a rugged build that blends beautifully with any setting, indoors or outdoors, while offering excellent seating comfort.

A huge range with dozens of models on offer, each chair is designed as a rare blend of aesthetics and functionality. And with ergonomic comfort that only Supreme Furniture can provide.

'Fiji' is a new introduction in this category. Stylish design, comfortable and very sturdy. The flagship models are high back chairs like 'Regal' and 'Victoria'. The rough & tough 'Sigma' and 'Evergreen' chairs are the all-time favourites.

Supreme monobloc chairs are versatile, stackable and virtually maintenance-free. They are suited to a variety of uses, at home, in office, cafeteria or a training room.

Blow Moulded Range

A concept relatively new in the country. Supreme is the first company to launch durable multi-purpose folding tables in India.

The blow moulding technology imparts extra toughness and a smooth finish to these table tops due to their double-walled construction.

Very sturdy, easy to fold, store, and transport, these tables are perfect for the catering & tent house industry. Besides, they are also an ideal option for parties at home. These tables are much convenient, maintenance-free, and more hygienic than their conventional counterparts.

India's No. 1 Plastic Products Company

Established in 1942, Supreme Industries is serving the Nation for the last 75 years. An acknowledged leader of the Indian plastics industry, the Supreme Group processes nearly 3,60,000 tonnes of polymers every year -- volumes that make it one of the largest polymer converters in the country. Supreme Industries Limited crossed an annual turnover of ₹ 5000 crores in 2017. The Group's 25 state-of-the-art plants, at strategic locations countrywide, feature new-generation technologies accessed from world leaders. Complementing this powerful manufacturing network are strong in-house facilities for new product development that have helped Supreme innovate several path-breaking products in India. Cross Laminated, Multilayer and HMHD Films, SWR Plumbing Systems, Lacquer Finish & Painted Furniture, Low Density Cross-linked PE Foam, Injection Moulded Pallets, Underground Drainage Systems & Chambers are some of the products pioneered by the company. Supreme recently launched country's first-ever composite LPG Cylinder under the brand name of 'Kavach'. The focus of the Group now is increasingly on developing superior, specialized application-specific variants in each product category in order to give better value to the customer. Today, Supreme products are used by satisfied customers not just in India, but in nations across five continents.
