

NITCO

TILES MARBLE MOSAICO

NITCO Luxe

Unleash your creativity!

For ages, marble has been known for its timeless charm. It beautifully adds elegance and character to every room it is part of. Hence, considering this nature's gift as one of the key parts of a promising interior project comes naturally to most architects and designers.

Today, in a time crunched era, it's only a blessing if your design ideas meet quick execution and aesthetic perfection.

This is where NITCO steps in; to give life to your vision. Our cutting edge technology helps you create tangible works of art; be it accent pieces, kitchen countertops, table tops, statement walls or more, using natural marble, stone or granite.

So go ahead, explore unlimited design possibilities with NITCO Luxe!

Kitchen and Bathroom Countertops

Add a dash of creativity to countertops using natural materials. They are not just luxurious but also practical and set the tone and feel of kitchens and bathrooms. Move over routine edges and experiment with an array of different profile edges.

Enjoy special effects like:

- 2D & 3D Engraving
- Moulding patterns
- Customisation to your needs (size, shape and profile edges)

Designer Facades

Let your creative vision fly free with Statement Walls that add personality to your spaces.

Finishes

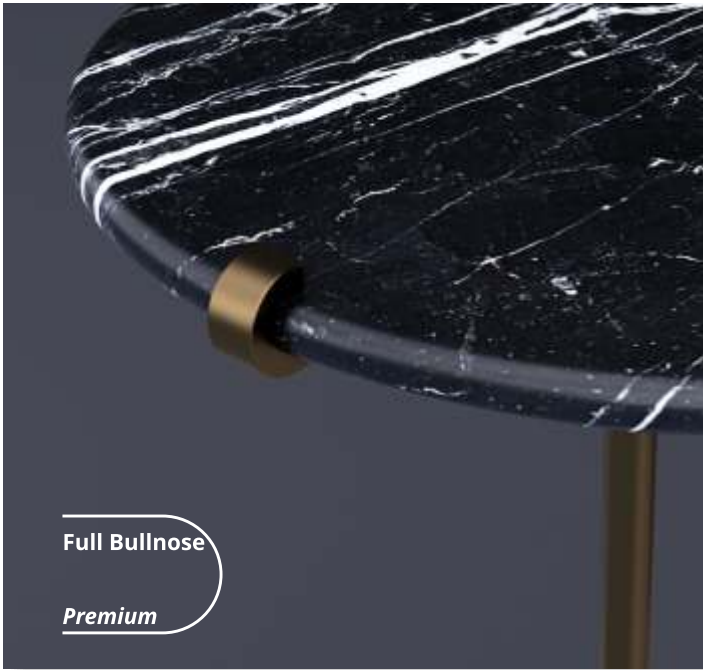

• Antique • Brushed • Chisel • Flaming • Flute • Honed • Leather • River wash • Sand Blast

Edge Profiles

Enjoy a fine balance between functionality and aesthetics with our cutting-edge technology.

Tabletops

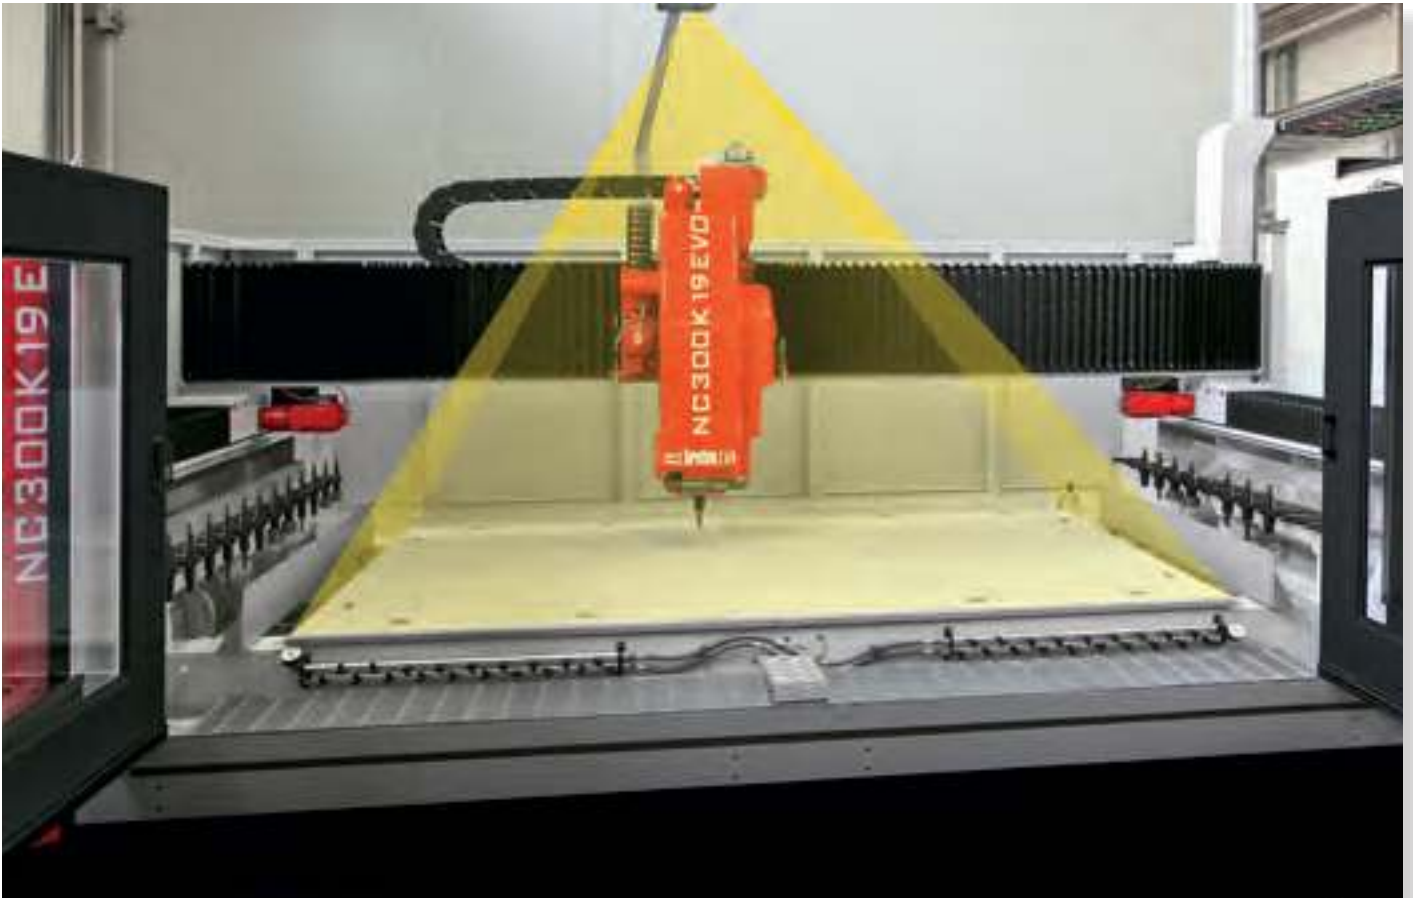

Where minimalism meets elegance.

Our cutting edge Italian technology.
