Your Perfect Shuttering & Scaffolding Partner

[illegible]

CHAIRMAN'S MESSAGE

Dear Friends,

With a team of seasoned and qualified business professionals working in all of our business units, Winntus has become capable of meeting scaffolding and shuttering demands of our prestigious clients flawlessly. It makes us tremendous pride, pleasure and privilege to reflect and share our achievements of the past, activities of the present and ambitious vision of the future.

Our Organizational philosophy has always been driven by adopting best practices, commitment, dedication, sincerity and premier ethical standards

All Our Strategic moves, structures and systems are focused on attaining consistent customer satisfaction by delivering products, solutions and services that boast of quality and are yet very cost-effective. In our quest to be the regional and national performer of scaffolding and shuttering world, we have constantly improved ourselves as per the changing trends and market demands. Our achievements, accomplishment and successes of high proportions are attributable firstly to GOD the Almighty and then to our valuable assets - **Our Team**, whose persistent hard work, unwavering commitment, valuable contribution, tremendous faith, confidence and trust have all been instrumental for taking the entire group to its present status.

At this moment, I would like to thank all our stakeholders for placing their faith in the organization and to assure them that their faith will never be tarnished. We will continue to innovate, ideate and expand our product and service portfolio to a higher level by creating solutions that are not only designed to meet customer satisfaction Winntus is always ideate to contribute in Indian Economic growth by saving national loss and increasing employment opportunities

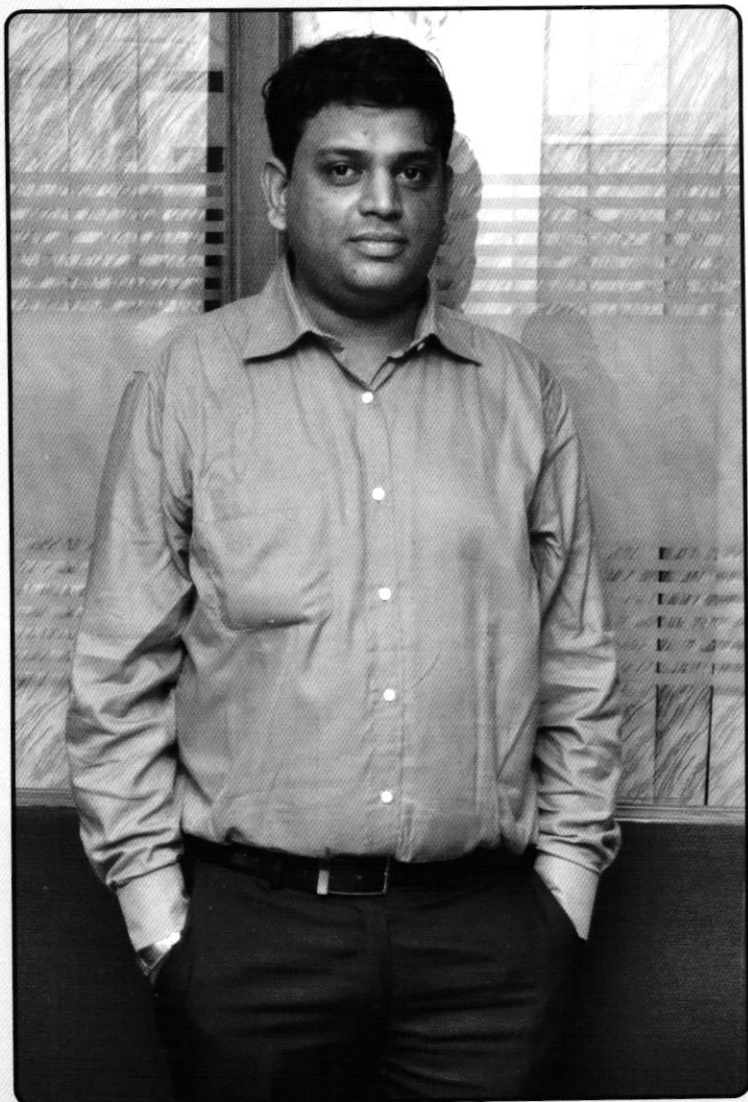

I wish you all the success in the world and hope that our current or future association would be rewarding.

With Best Wishes,

D.P. Goel

Chairman

Winntus

VICE CHAIRMAN'S MESSAGE

WINNTUS means the winning spirit.

Our target is to take our scaffolding to all the smaller cities and contribute in developing them by offering our services at the most affordable rates. India is developing & construction is everywhere. You keep on constructing & let us provide you the most basic requirement of every builder scaffolding & shuttering. WINNTUS is india's first scaffolding & shuttering brand with 8 branches over india and still growing at a rapid pace. Connect with WINNTUS & complete your projects with quality scaffolding & shuttering services.

The Management of Winntus is making all-out efforts to promote quality, courtesy & competency in all initiatives

I Finally believe that the professionals working in our all business units will put their best to face the challenges of the corporate world in the future to come

I Pray to God to bestow his kind blessings upon us so that new dimension of progress, property & perfection may greet our path year after years.

With Best Wishes,

Naveen Goel

Vice Chairman

Winntus

CORE VALUES

OUR PEOPLE

Our people make is what we are. We will strive to continuously provide our people with an environment that is professional where they could grow personally along with the institution.

DIVERSITY

We represent unit in diversity. A coming together of people from different background and cultures, with a single minded purpose, of adding value to the institution that we represent.

DIGNITY

We believe that it is treading each other and our customers with dignity. i.e with trust and respect, that we as an institution in turn would be treated with dignity

TRANSPARENCY

We are open transparent in our dealings with treatment of our employee and customers. we believe that long term relationship are built and nurtured, in being open and transparent in our action and dealings.

INFORMAL

We are informal, yet disciplined. We do not let formality come in the way of listening to and in the treatment of issue concerning our employee or our customers, at any time. However we are disciplined in that we do thing on the basis of a logic or philosophy and not in an adhoc manner

INTEGRITY

In all our actions as a Group and as individuals representing this Group, we would be governed by integrity . Integrity both financially and professionally . Truth and honesty would guide each and every action or our between ourselves, our customers and all our employees.

EXCELLENCE A WAY OF LIFE

We Welcome challenges. In fact we are defined by our determination and ability to take on challengeable tasks and deliver excellent result, always

COMMITMENT

We would commitment in whatever we do - to the institution that we represent, our customer and our employees

ENTERPRENEURSHIP

Each and every one of us takes ownership of what we do and ensure our commitment to the institution by leaving behind something better than what was handed over to us.

SATISFACTION MATTERS

We believe to attain complete satisfaction of all entities engaged with us i.e customers suppliers stackholders employees workers and labours.

ONE FAMILY

In all that we do, we would act as " One Family" with teamwork and loyalty to the institution, defining and differentiating us in the market place.

SERVICES

Winntus Scaffolding serves in all six corners of a hexagon i.e. manufacturing, export, repair & reconditioning, contractor, exchange and rental. Our quality of work and services have let us win the heart of our customers and have helped us establish worldwide. Whether you need an engineered scaffold solution complete with assembly and dismantle, or just want rental or buy equipment- Winntus Scaffolding is the one stop solution point.

RENTAL

The rental facility is for those customers who requires the shuttering and scaffolding material for the time being. All the products, equipment, and accessories are also available for rental purposes. We are leading scaffolding rental company in the country. We are currently working with more than 400 sites across India. The rental facility has helped us gain the recognition and around 20,000 tons of material is on rental period. The idea behind the rental facility is to accelerate the infrastructure.

MANUFACTURING

Winntus scaffolding is the manufacturer of steel shuttering and scaffolding. With enormous warehouse and inventory, we promise to deliver any scaffolding and Shuttering solution at your doorstep. We offer scaffolding for all types of structures, i.e. industrial, revamp, special event and much more. Our team of experts can design and erect the structure as per the requirements and plans of the customers and also dismantle it when the project is accomplished.

SCAFFOLDING REPAIR AND RECONDITION

Winntus also provides scaffolding for repair and recondition. Available for both small and large scale scaffolding repair and recondition demand. Our plant is equipped with a drive built scaffolding reparation center, capable of handling requirements of all proportions and restorations. All the repair and recondition center go side by side with the manufacturing unit so that the requirements could be meet accordingly. We have the expertise, information, and capability to refurbish your scaffolding equipment back to working conditions. There are 4 steps to repair and recondition i.e.

1. Inspection
2. Repairing and Reconditioning
3. Blast Cleaning
4. Paint and Finishing

SCAFFOLDING EXCHANGE

Under this service, Winntus take your non-workable, scrap and provide you with the new and customized scaffolding and shuttering material. With the help of exchange service, Winntus promise to deliver the best in segment application and service which are exclusive for our customers. With changing technology, we bring you the latest scaffolding products in exchange.

The motive behind the exchange service is to decrease the loss that occur on a national scale.

CONTRACTORSHIP

Winntus is known as best service provider in scaffolding and shuttering industry. To make our services more better we introduced highly skilled employees to guide our clients regarding shuttering and scaffolding structure making on average project, we avail contractorship facility materials and labour across india.

EXPORTER

Winntus scaffolding is known for its best services in shuttering and scaffolding industry. In moving step Winntus is planning to enter in the field of export to provide its facilities across world.

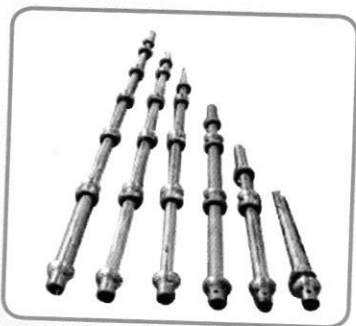

" HIGH SUPREME
QUALITY
AND
CERTIFIED
PRODUCTS"

SCAFFOLDING PRODUCTS

The material that is required to erect and dismantle the structure is called the scaffolding. Winntus offers various scaffolding products to its customer. They are:

Scaffolding are Available in Three Categories:

- » Galvanized Scaffolding
- » Powder coated scaffolding
- » Dip Paint Scaffolding

CUPLOCK VERTICALS / STANDARDS

We make definite to compromise of an extensive range of supreme quality cuplock verticals/ standards to the customers. These principal load bearing members have seats top and bottom cups.

Bottom cups are welded at 500/1000mm distance position. Besides, top cups can be moved and retained by a fix. Verticals are made of 40 NB medium/ heavy class pipes and drilled to fix spigot joints.

Sizes in mm	No. of cups @ 500/1000 mm	Weight in Kg
3000	6/3	13.00*
2500	5/3	11.00*
2000	4/2	8.90*
1500	3/2	6.50*
1000	2/1	4.50*
500	1/1	2.35*

CUPLOCK LEDGERS / HORIZONTALS

Winntus scaffolding manufactures cuplock ledgers/ Horizontals using 40 NB light or medium range pipe with forged ledger blades that are soldered at the ends. Length of the ledgers or horizontal is measured between center to center of two verticals. Moreover, we provide the alternative of choosing between standard as well as customized cuplock ledger / horizontals.

Sizes in mm	Lenght in mm	Weight in Kg
1800	1752	6.00*
1500	1452	5.00*
1200	1152	4.00*
1000	952	3.50*

BASE JACK

Base Jack offered can be made available by us in different outer diameter pipe options as well as size choices of 34 *650 MM and others as per the specific demands of the customers these jack can be provided with different loading capacities of 5 to 6 tons as well as in versatile, heavy duty steal construction. some of its features includes modular scaffold system, allowing for reliable usage as well as easy construction and dismantling possibilities.

Size in inches	Size in mm	Weight in Kg
14"	355	3.0*
18"	455	3.5*
22"	555	4.0*

U-HEADS JACK

U - Heads are designed to be used in conjunction with adjustable system scaffolding. The main function of a U -Head is to hold timber beams in securely in place.

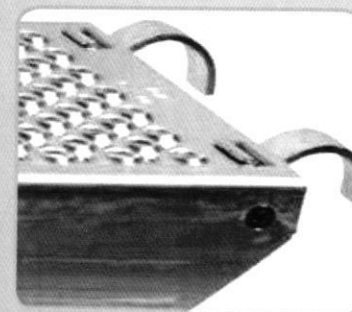

The U - Heads Jack offered by as are of superior quality standard, these are adjustable and thus is the biggest advantage of these.

Size in inches	Size in mm	Weight in Kg
14"	355	3.0*
18"	455	3.5*
22"	555	4.0*

SCAFFOLDING LADDER

Being a quality-focused organization, we offer a selected range of scaffolding ladder. These products are available with us in different dimensions, weighing scale and specifications need.

WALKWAY PLANKS

High tensile scaffolding pipes are designed for pipes & coupler scaffolding. The pipes have hot dipped galvanized surfaces finish so as to provide excellent appearance with sufficient durability in such applications where salty air or long term weather exposures are inevitable. We offer our products in various specifications as per our customers requirements.

Length in mm	Weight in kg
1000	7.5
1200	8.5
1500	11

SHUTTERING PRODUCTS

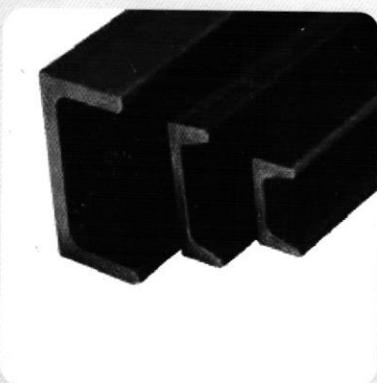

Shuttering is a temporary structure made from planks. Winntus is, also specialized in shuttering product. All the products come with a promise and a trust that lasts longer than the project itself.

TELE PROPS

Acrow props are used to temporarily support the structure of a building. Made from solid iron, Winntus scaffolding offers 304 grade acrow props to our customers which are adjustable according to the height. The props are available in stock and ready to be dispatched as per the requirement of the project.

	Length in mm	Weight in kg	Inner dia (mm)	Outer dia (mm)
Prop Inner	2000	7.1	40	48
	3000	10.2	40	48
Prop Outer	2000	10.2	50	58
	3000	14.8	50	58

ISMC CHANNELS

Indian Standard Medium Channel (ISMC) are used to hold the building in construction. ISMC channels are made sturdy and heavy to uplift the construction site so that it won't collapse. The company manufactures apex quality of channels in the industry. Our channels are exclusively designed to endure adverse weather conditions as well as heavy load.

Height in feet	Weight in kg
8	18.4
9	20.7
10	23

STEEL PLATE

Backed by rich industry experience and knowledge, we have been able to manufacture, export and supply a broad range of Wall Form Panel. Offered panel is used in the construction industry for forming various structures like side wall, foundations, footings, etc. This panel is manufactured under the precision of our dexterous professionals using advance techniques and quality approved raw material.

Features: - » Robust construction » Minimal maintenance
» Corrosion resistance » Durable finish standards

Height in mm	Weight in kg
540 x 1200	23
300 x 1200	18
230 x 1200	15.5
600 x 900	21.5
450 x 900	18.5
300 x 900	14.5
230 x 900	11.5

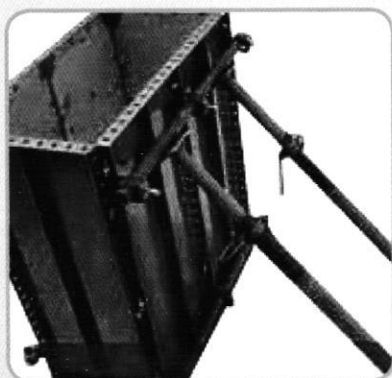

* Weight indicated are subject to tolerance +/-5%

TOE BOARD

A toe board is one of the most elementary part of protection gear. Our toe board can work even in scorching heat, jittering cold, rain, and any other weather condition. They are always available in our warehouse for use.

Length in mm	Weight in kg
1000	6.3
1200	8
1500	11.5

COLUMN FORMWORK

The column formwork allows speedy assembly and assembly on site while reducing labor and crane time. The forms, made of steel or aluminum sometimes with a wooden form-face liner, can be accustomed on site to give diverse column sizes. Metal formwork systems can have primary concreting platforms with guard rails and access equipment comprising ladders. This diminishes the need for autonomous access. In some systems the props used to stabilize the column formwork are essential. The metal forms are easy to clean and reprocess with little surplus generated compared with old-style formwork.

WHY RENTAL PREFERRED OVER PURCHASE

- Avoid huge investments.
- Avoid theft & mismanagement.
- Avoid unnecessary storage cost.
- Avoid maintenance charges & manpower cost.
- By choosing rental services you are building contacts.
- Balanced cash outflow.
- Better usage of capitol.
- No risk of obsolescence.
- Low capitol expenditure.
- Minimization of balance sheet debt.

ACCESSORIES

- Scaffolding
- Form work (Shuttering)
- Scaffolding Industry Accessories
- Scaffolding Tools

SCAFFOLDING

The material that is required to erect and dismantle the structure is called the scaffolding. Winntus offers various accessories to its customers, scaffolding accessories is one of them. There are 11 types of scaffolding accessories that we promise to offer, mentioned as below:

Bottom Cup

Size : Standrad
Weight : 200 gms

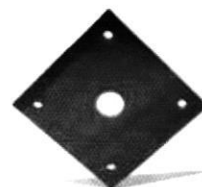

Top Cup

Size : Standrad
Weight : 450 gms

Prop Nut Plain

Size : Standrad
Weight : 450 gms

Base Plate

Size : 150 x 150 mm
Weight : 950 & 1050 & 1150 gms

U Plate

Size : 50 x 100 x 150 mm
Weight : 650 & 750 & 850gms

Joint Pin

Size : Standrad
Weight : 450 x 600 x 800 gms

Swivel Coupler

Size : 40 x 40, 40 x 50, 50 x 50 mm
Weight : 200 gms

Double Coupler

Size : 40 x 40, 40 x 50 mm
Weight : Standard

Prop Sleeve

Size : 48 x 600 mm
Weight : 1400 gms

Wing Nut

Size : 16 & 18 mm
Weight : 220 x 350 gms

Anchor Nut

Size : 16 & 18 mm
Weight : 400 x 600 gms

Rapid Clamp

Size : Standard
Weight : 400 gms

Jack Nut

Size : 28 & 32 mm
Weight : 250 & 350 gms

Prop Nut with Handle

Size : Standrad
Weight : 600 gms
