#### **INDEPENDENT AUDITORS REPORT**

#### TO THE MEMBERS OF MODI PROPERTIES PRIVATE LIMITED

While conducting the audit, I have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

I conducted my audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that I comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and presentation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the financial statements.

Notes on Financial Statements for the Year ended 31st March, 2018

**Note No 1 Significant Accounting Policies** 

#### a) Basis of Preparation of Financial Statements:

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India ('Indian GAAP') to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on accrual basis.

All assets and liabilities have been classified as current or noncurrent as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of services and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current-non current classification of assets and liabilities.

#### b) Use of Estimates

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expense during the year. Future results could differ due to changes in these estimates and the difference between the actual result and the estimates are recognised in the period in which the results are known / materialise.

#### c) Fixed Assets:

Fixed Assets are stated at cost of acquisitions.

#### d) Depreciation:

Depreciation in respect of fixed assets is on written down value method as per the useful life prescribed under Schedule II to Companies Act, 2013.

#### e) Retirement Benefits:

#### **Short Term Employee Benefits:**

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages, expected cost of bonus etc. are recognized in the period in which the employee renders the related services.

#### Post-Employment benefits (Defined Contribution Plan):

The state governed provident fund scheme, employee state insurance scheme and employees' pension scheme are defined contribution plans. The contribution

paid/payable under the scheme is recognized during the period in which the employee renders the related services.

#### f) Investments:

Investments are stated at cost. All the investments are long term investment.

#### g) Revenue Recognition:

Interest income / expenses are recognized using the time proportion method based on the rates implicit in the transaction.

#### h) Taxation

Current Tax is determined as the amount of tax payable in respect of taxable income for the year. The deferred tax for timing difference between the book and tax profit for the year is accounted using tax rates and tax laws that have been enacted or substantially enacted at the balance sheet date. Deferred tax assets arising from the timing difference are recognized to the extent that there is reasonable certainty that sufficient future taxable income will be available.

#### i) Impairment of Assets:

At the Balance Sheet date, an assessment is done to determine whether there is any indication of impairment in the carrying amount of the Company's fixed assets. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. After recognition of impairment loss, the depreciation charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount less its residual value, if any, on straight line basis over its remaining useful life.
