Subject: Road levels from Start of Our Site to Sagar Road
Attachments: Miryalaguda Road Levels up to sagar road.xls

Soham Sir,

Please find the attachment of Road levels, levels are found by Height of instrument method which we learn in college.

- 1) 100 is BM which is in meter
- 2) levels taken at every 50 ft distance which is in meter
- 3) Means difference between BM RL and the next point RL is the level at that point
- 5) Levels are taken from our 100 mark means our CC top as BM if we want 99 as BM the ground profile will be the same but readings are 0.3 m less at every reading.

Regards,

Y Kirti kumar
