Sir,

As per Physical checking all Dimensions are ok. Except some Kadis should be fixed as per Drawing.

They are as follows:-

- a) At North West side Kadis should be fixed towards our site, as it is now fixed 1.5Mtr away from our existing Measurement.
- b) At South East side Kadis should be extended upto given Measurement, as it now is fixed in our site.

This is kind information to you.

Thanking You.

Regards,
QC Team.
