To,

THE MD SIR,

Subject: Resignation of my job.

Dear Sir,

I would like to state That I am resigning my job. Thank-you for giving me an opportunity to work in your organisation, the reason for resigning is I have joined here as purchase manager to look after the procurement activities and I am proud to say that I have delivered my best in the past months creating new sources of supply, strong negotiating and have shown good profits. not relying on single supplier playing monopoly.

But the SSLB works like reconciliations, and other related works are overburdening me and directly affecting my health. Due to my health reasons I had to take this decision and resigning my job.

Thanking you & I remain

Faithfully yours.

Mohammed Riyazuddin.
