 - Walnut colour
- 1200W x 450D x 675H

ANDY PERSONAL LOCKER

- Manufactured by prime quality CRCA "cold rolled close annealed" Steel sheets
- Body and drawers made from 22 gauge steel sheets (0.8mm)
- Locking facility available with a duplicate key
- Card holder provided at the door
- Total 18 numbers of individual lockers
- 900W x 400D x 1850H

GLOVE PERSONAL LOCKER

- Manufactured by prime quality CRCA "cold rolled close annealed" Steel sheets
- Body and drawers made from 22 gauge steel sheets (0.8mm)
- Locking facility available with a duplicate key
- Card holder provided at the door
- Air-vent opening provided at the door
- Total 15 numbers of individual lockers
- 900W x 400D x 1850H

CODY OFFICE AISLE STORAGE

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
- Body and shelves made from 22 gauge steel sheets (0.8mm)
- Doors open upto 180 degree
- Spacious shelves provided for storage
- High quality locking mechanism available with a duplicate key
- Advanced knock-down construction which could be assembled quickly
- Can store files, important documents, books etc

850W x 390D x 900H

SHELLY OFFICE AISLE STORAGE

- Manufactured by prime quality of CRCA, cold rolled close annealed" Steel sheets
- Body and shelves made from 22 gauge steel sheets (0.8mm)
- Doors open upto 180 degree
- Four shelves provided making 5 equal compartments for storage
- High quality locking mechanism available with a duplicate key
- Advanced knock-down construction which could be assembled quickly
- Can store files, important documents, books etc

850W x 390D x 1850H

TITAN 2 DRAWER FILING CABINET

- Manufactured by prime quality CRCA "cold rolled close annealed" Steel sheets
- Body and drawers made from 22 gauge steel sheets (0.8mm)
- Advanced knock-down construction which could be assembled quickly
- Drawers slide in and out with smooth channels of 0.7 mm steel
- Drawers can be pulled out fully
- Locking facility available with a duplicate key
- Two drawer filing cabinet can be placed under the office table

460W x 600D x 720H

TITAN 3 DRAWER FILING CABINET

- Manufactured by prime quality CRCA "cold rolled close annealed" Steel sheets
- Body and drawers made from 22 gauge steel sheets (0.8mm)
- Advanced knock-down construction which could be assembled quickly
- Drawers slide in and out with smooth channels of 0.7 mm steel
- Drawers can be pulled out fully
- Locking facility available with a duplicate key
- Two drawer filing cabinet can be placed under the office table

460W x 600D x 1020H

TITAN 4 DRAWER FILING CABINET

- Manufactured by prime quality CRCA "cold rolled close annealed" Steel sheets
- Body and drawers made from 22 gauge steel sheets (0.8mm)
- Advanced knock-down construction which could be assembled quickly
- Drawers slide in and out with smooth channels of 0.7 mm steel
- Drawers can be pulled out fully
- Locking facility available with a duplicate key
- Two drawer filing cabinet can be placed under the office table

460W x 600D x 1320H

RETRO 2 DRAWER FILING CABINET

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Advanced knock-down construction which could be assembled quickly
 - Body and drawers made from 22 gauge steel sheets (0.8mm)
 - Drawers slide in and out with smooth channels of 0.7 mm steel
 - Locking facility available with a duplicate key
- 450W x 900D x 720H

RETRO 4 DRAWER FILING CABINET

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Advanced knock-down construction which could be assembled quickly
 - Body and drawers made from 22 gauge steel sheets (0.8mm)
 - Drawers slide in and out with smooth channels of 0.7 mm steel
 - Locking facility available with a duplicate key
- 450W x 900D x 1320H

RETRO 3 DRAWER FILING CABINET

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Advanced knock-down construction which could be assembled quickly
 - Body and drawers made from 22 gauge steel sheets (0.8mm)
 - Drawers slide in and out with smooth channels of 0.7 mm steel
 - Locking facility available with a duplicate key
- 450W x 900D x 1020H

ASTRA FILING CABINETS WITH 2 DRAWER

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body and drawers made from 20 gauge steel sheets
 - Drawers slide in and out with smooth channels of 1.6 mm steel
 - Locking facility available with a duplicate key
 - Can be placed under the office table
- 685W x 457D x 700H

ASTRA FILING CABINETS WITH 3 DRAWER

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body and drawers made from 20 gauge steel sheets
 - Drawers slide in and out with smooth channels of 16 mm steel
 - Locking facility available with a duplicate key
 - Can be placed under the office table
 - Also available with 4 drawer
- 685W x 457D x 1080H

GLAZE BOOK CASE WITH 3 COMPARTMENTS

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body made from 22 gauge steel sheets
 - 6 doors from 20 gauge steel sheets
 - Glass panels at each compartment
 - Channels provided at both the ends for easy movement of doors
- 838W x 304D x 1295H

GLAZE BOOK CASE WITH 2 COMPARTMENTS

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body made from 22 gauge steel sheets
 - 8 doors from 20 gauge steel sheets
 - Glass panels at each compartment
 - Channels provided at both the ends for easy movement of doors
- 838W x 304D x 914H

GLAZE BOOK CASE WITH 4 COMPARTMENTS

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body made from 22 gauge steel sheets
 - 8 doors from 20 gauge steel sheets
 - Glass panels at each compartment
 - Channels provided at both the ends for easy movement of doors
- 838W x 304D x 1676H

GLAZE BOOK CASE WITH 5 COMPARTMENTS

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body made from 22 gauge steel sheets
 - 8 doors from 20 gauge steel sheets
 - Glass panels at each compartment
 - Channels provided at both the ends for easy movement of doors
- 838W x 381D x 2057H

SQUADRO OFFICE ALMIRAH WITH LOCKER

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body and shelves made from a combination of 20 - 22 gauge steel sheets
 - Three shelves provided making 4 equal compartments for storage
 - High quality locking mechanism available with a duplicate key
- 900W x 500D x 1975H

SQUADRO OFFICE ALMIRAH LARGE

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body and shelves made from a combination of 20 - 22 gauge steel sheets
 - Four shelves provided making 5 equal compartments for storage
 - High quality three way locking mechanism available with a duplicate key
 - Also available with locker Almirah
- 900W x 500D x 1975H

SQUADRO OFFICE ALMIRAH SMALL

- Manufactured by prime quality of CRCA "cold rolled close annealed" Steel sheets
 - Body and shelves made from a combination of 20 - 22 gauge steel sheets
 - Three shelves provided making 4 equal compartments for storage
 - High quality three way locking mechanism available with a duplicate key
- 765W x 434D x 1260H

BRILLIANT series

53

All dimensions are in mm

BRILLIANT WORKSTATION LEFT

- Made of prelaminated particleboard of thicknesses 15 mm – 25 mm. Table top with melamine finish
- Angular Workstation (L shaped workstation)
- LH – has pedestal on the left hand side of the user (when user is seated)
- Pedestal has 2 small and 1 large drawer
